Pci Usb Via Vt6212l Driver

You'll have hi-speed USB 2.0 in no time. You might also want this if your current motherboard does not have hi-speed USB support.. You'll know it if it takes a very long time to transfer very large files across your external drive or if it takes a good hour to burn a full DVD video to an external DVD writer.. [CachedDriver Downloads - VIA Technologies, Inc. CachedPci Usb Via Vt6212l Driver Download](#) See Full List On [Viatech.com](#) If you just discovered that your old personal computer does not want anything to do with your new flash drive that you bought after seeing your friends pass their files around with it, be willing to shell out a little more cash for this cheap and functional VIA VT6212L 4+1-port PCI USB card for just one time.
